

Citizens' Call for Transparent Trilogues: Let's Build a More Democratic EU!

EU legislation determines up to **80%** of the laws that affect citizens' daily lives

of legislation is decided behind closed doors in **trilogues**

OUR GOAL: Solicit the “wisdom of the crowd” on how to make **TRILOGUES** more **TRANSPARENT** and **ACCESSIBLE** to EU citizens

1

Use an online crowdsourcing platform to:

- **Raise awareness** on EU trilogues among citizens and
- **Solicit citizens' ideas** for increasing transparency of decisions taken behind closed doors

2

- **Develop a list of proposals** on how to open up EU trilogues and
- **Ask 2019 EP election candidates and members of the Council to commit to implementing them**

3

- **Publicise** those commitments;
- **Monitor** their implementation after the EP elections and
- **Provide feedback**
